

McNett Camo Form Wrap

**MCNETT'S CAMO FORM** SELF-CLING camouflage wrap instantly protects and conceals your gun, bow or other hunting gear. Unlike messy tapes, Camo Form wrap leaves no sticky residue when removed. It also improves your grip and insulates your hands from cold surfaces. One roll covers one average-sized shotgun, rifle or bow, and it's available in 10 different camo patterns so you can conceal all of your hunting gear in any terrain. Contact McNett at: (360) 671-2227. (\$14.99 per roll)

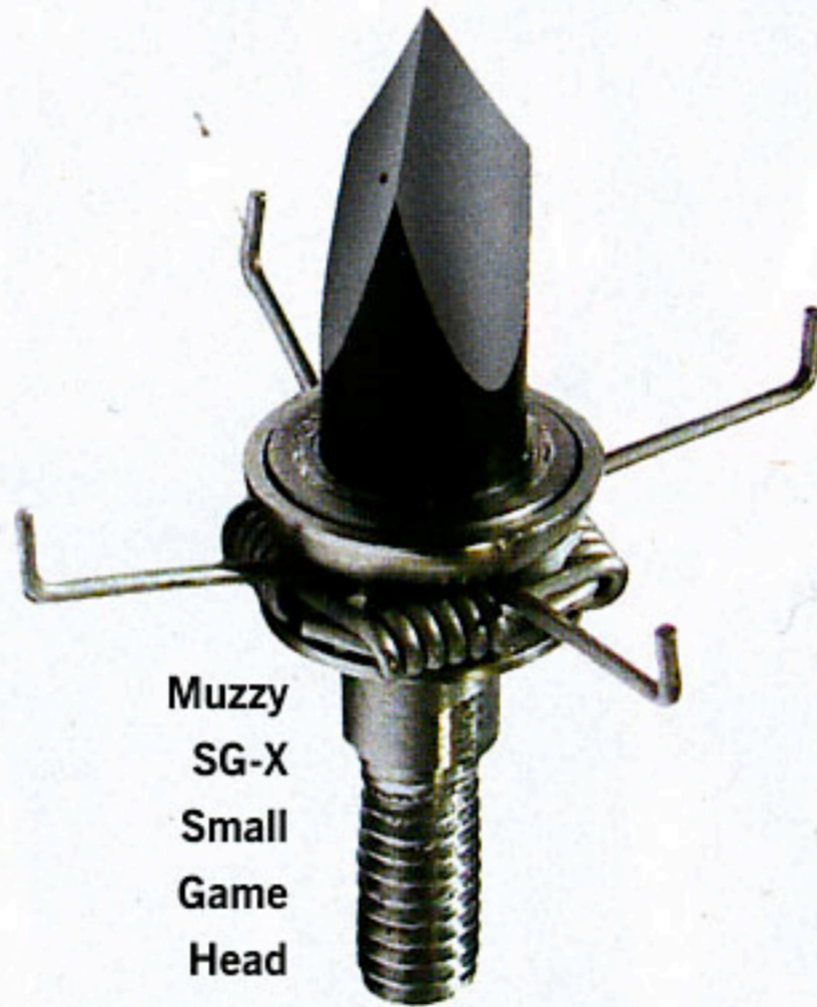

**T.R.U. BALL'S COPPERHEAD XTRA** dual-caliber release has a trigger-forward design to increase draw length and arrow speed. Other features include: adjustable web-strap connector; choice of 360-degree rotating or locked-down head; knurled, adjustable trigger; and stainless steel construction with ceramic coating. The Copperhead Xtra is available with a black leather buckle or

camo Velcro wrist strap. Contact T.R.U. Ball at: (434) 929-2800. (\$84.99)

**CARBON CONNEXION HUNTER** stabilizers from **FUSE ACCESSORIES** deliver an outstanding combination of vibration and noise reduction, strength and durability. Its Doinker and Shock Rod Technologies provide the balance and ultra-quiet functionality necessary for smooth, consistent shooting. The stabilizers are available in 6½-inch or 8-inch lengths in black or Realtree APG HD. Contact Fuse Accessories at: (801) 363-2990. (\$84.99-\$89.99)

Muzzy SG-X Small Game Head

**MUZZY'S SG-X** is a durable and deadly small game head for those who prefer to hunt their down-sized quarry with stick and string. The 100-grain SG-X head features Muzzy's tough

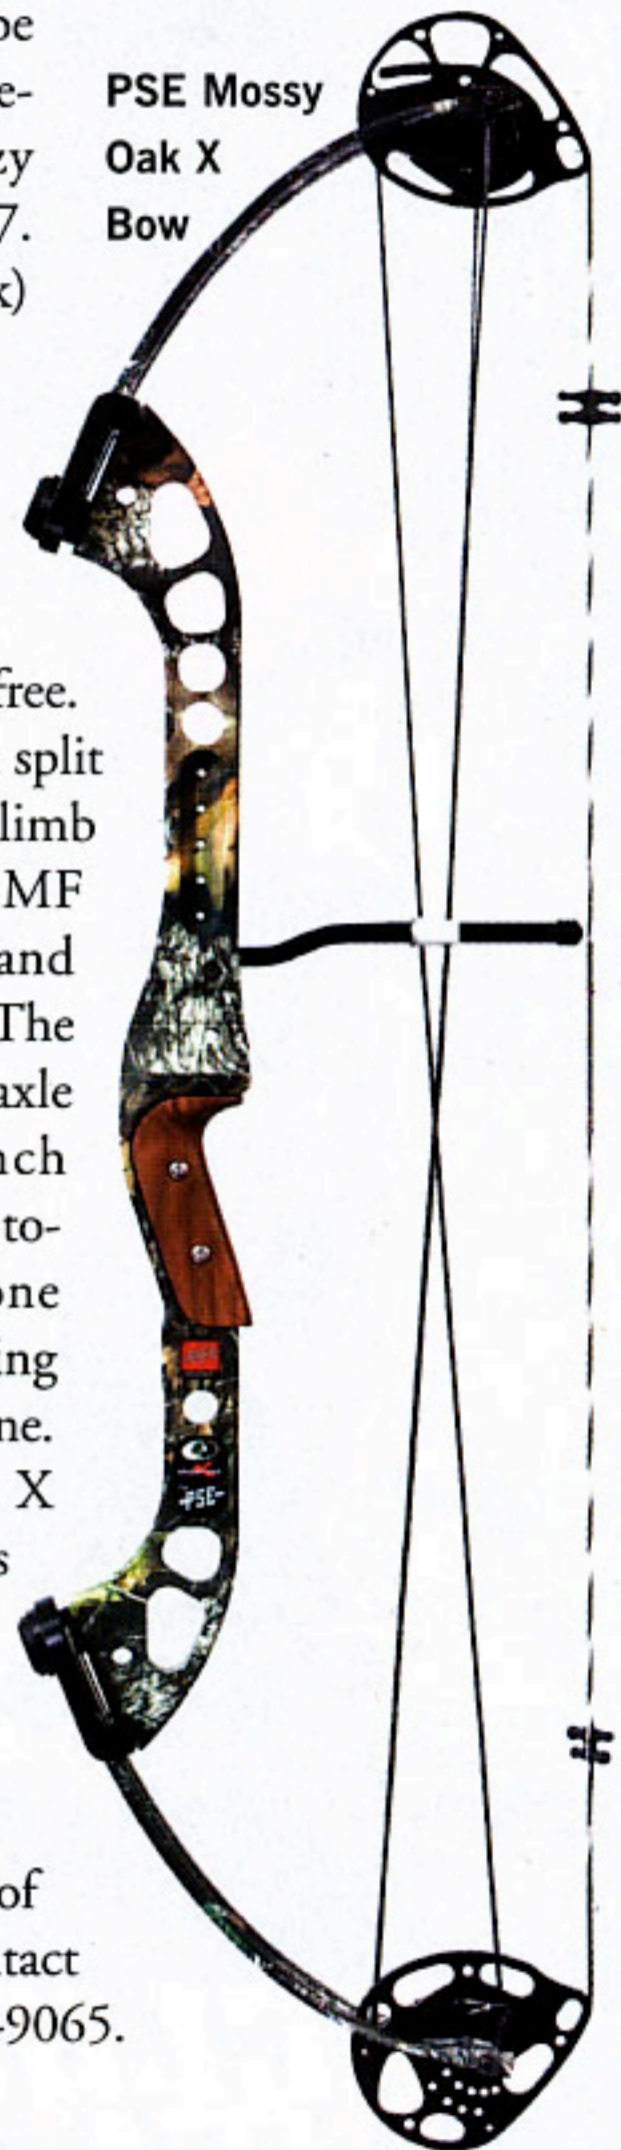

Fuse Accessories Carbon Connexion Hunter Stabilizer

Trocar tip, spring-loaded arms and a stainless-steel body for maximum performance and strength. Just like other Muzzy broadheads, the SG-X tip and pronged four-leg assembly are replaceable and can be purchased separately. Contact Muzzy at: (866) 387-9307. (\$15.95/three-pack)

The **MOSSY OAK X** bow from **PSE** is incredibly fast (330 fps IBO), forgiving and vibration free. It features 12-inch split limbs, Hypersplit limb pockets, the new MF (MegaFast) Cam and a thin wood grip. The 35½-inch axle-to-axle length and 7-inch brace height come together to create one of the most forgiving bows in the PSE line. The Mossy Oak X weighs 3.9 pounds and is available in either 60- or 70-pound-draw options, with a draw length range of 26-31 inches. Contact PSE at: (520) 884-9065. (\$699.99) **NAB**
